

# 2014 Great Lakes Green Chemistry Conference: *Innovating for Success*

Morning Keynote  
**JOHN WARNER**  
Warner-Babcock Institute  
for Green Chemistry

**April 1-2, 2014**

Wyndam Cleveland at  
Playhouse Square  
Cleveland, OH  
\*\*\*\*\*

**March 31, 2014**

Great Lakes Regional Pollution  
Prevention Roundtable  
Half-Day Meeting†  
\*\*\*\*\*

**April 3, 2014**

GreenScreen™ Training†  
(Space is Limited!)

This is a one-day training on the  
hazard assessment tool,  
[GreenScreen™ for Safer Chemicals](#), a  
tool developed by Clean Production  
Action for identifying chemicals of  
concern and selecting safer  
alternatives. For more information,  
please contact:

[greenscreen@cleanproduction.org](mailto:greenscreen@cleanproduction.org)

†Separate Registration Required

David Widawsky, Office of Chemical  
Safety and Pollution Prevention, U.S. EPA  
speaking at the previous Great Lakes  
Green Chemistry Conference in 2012.

*"This was one of the best conferences I  
attended this year. The speakers were  
outstanding and the organization and  
venue were first class."*

- comment from an attendee at the 2012  
Great Lakes Green Chemistry Conference

- Networking opportunities
- Dynamic panel presentations and breakout discussions
- Student Poster session

### Panel Presentations on

- The Imperative of Green Chemistry in the Great Lakes
- How Policy Drives Green Chemistry Innovations
- Green Chemistry Innovations in Business
- Getting Started on Alternatives Assessments

### Presentations From:

Steelcase  
TetraTech  
Sterigraph  
Lake Erie Institute  
BASF  
Wilsonart  
InfiChem/Emery Oleochemicals  
PolyOne  
University of Toledo  
Aquinas College  
and more

Luncheon Keynote  
**JULIE ZIMMERMAN**  
Center for Green  
Chemistry and  
Engineering at Yale

Morning Keynote  
**DENNIS MCGAVIS**  
Director, Global  
Sustainability  
Goodyear Tire &  
Rubber
