BIFMA CHEMICALS OF CONCERN SUMMIT

April 29-30, 2013 – Ann Arbor, Michigan

Please join us for the BIFMA Chemicals of Concern Summit where we will define the future chemical strategy for the furniture industry by:

- Examining trends in chemical regulation, assessment, and disclosure/transparency that could inform an update of the ANSI/BIFMA e3 Furniture Sustainability Standard.
- Exploring the possibility of creating an industry chemicals and materials database to ease reporting and compliance for the supply chain and manufacturers.
