

National Pollution Prevention Roundtable 2025 Safer Chemistry Challenge Program

Spring 2013 Webinar Series

The webinar series provides attendees with an opportunity to learn about chemical alternatives and safer chemistry initiatives. Presenters throughout the series will represent industry, nonprofit, academia, and technical assistance providers. This spring webinar series will share successful practices and tools as well as chemical specific transition strategies. The webinars will examine and share safer chemistry innovations, case studies, tools, policy initiatives, and supply chain opportunities.
